Four AuSable River groups join to fund weekend river patrol

By Scott Rasmusson

In a historical coming together, four groups who in the past have not seen eye to eye, have gotten together to fund the "AuSable River Patrol."

The AuSable Property Owners Assn., George Mason chapter of Trout Unlimited, Anglers of the AuSable and the canoe liveries of Ray's, Penrod's, and Borchers have raised over \$7,000 for a river patrol this summer.

With the sheriff department's tight budget, these groups have put aside their differences and raised enough money to put two officers on the AuSable River on weekends from Memorial Day through Labor Day.

The patrol will consist of a certified officer, retired State Trooper Floyd Millikin, who has full arrest power, and marine safety officer B. Thomas Manley, who has the ability to enforce all marine safety violations.

The two officers will have the full resources of the sheriff department to call on. They will be able to call in backup help if needed, along with the department's ability to give breathalizers to intoxicated canoeists.

The main emphasis of the patrol will be to control drunkenness and littering, according to Sheriff Hatfield. He goes on to say that the project is "great" and they tried to start the project in the past, but lacked a certified officer.

Both the officers will be making visits to the canoe liveries in the morning when large numbers of canoeists are getting ready to leave as a visual deterrent.

the boards of the Property Owners Assn. and G. Mason chapter of Trout Unlimited. Steve remarked how nice it will be to have a full blown river patrol and to see this much cooperation among these four groups.

Steve Mason, president of the G. Mason chapter of T. U., says "this is long overdue and the marine patrol is a great idea on paper and in principle and will serve as a good visual deterrent, but won't have any meaningful impact on rowdiness until there have been arrests and successful prosecution for operating a water craft under the influence and public intoxication."

Rusty Gates, who represents the Anglers of the AuSable agrees that something had to be done and feels that 90% of the canoeists are ok, and that the problem comes from only 10% of the group.

Steve Southard said, "this is a great pilot project" and would like to see the

South Branch canoe livery operators get involved so the patrol could be expanded down there.

If you ever have a problem with a canoe or group of canoes, you need to get the name of the canoe livery if it has one and the M.C. numbers off the bow of the canoe. Along with the place, time and description of the people involved. All of the canoe liveries involved in the project will help you out. But the can't make the complaint to the police, you must do that yourself.

In other important river news, the river clean-up project runs this Sunday from 9 a.m. to 6 p.m. Last Sunday's turnout was poor. Penrod's only clean-up canoe to go out was two of their employees and a few customers taking advantage of the \$5 canoe trips. The trips run \$15 with \$10 being refunded if you pick up garbage along the way. It will be a great way to see the river as well as to help clean it up.

CAP AND GOWN TIME—Lori McClain exits after the Baccalaureate services Sunday. GHS seniors will also wear their caps and gowns this Friday night as the class of '92 is graduated.

Millage renewal, board seats up for vote in school election Monday

A millage renewal and two local school board positions will be on the annual school election ballot Monday, June 8th.

The Crawford AuSable School District is seeking a renewal of all 21.15 of its extra voted mills. The millage represents 77% of the district's revenues.

Crawford AuSable receives nearly the lowest amount of revenues per student in the state. In a study combining local tax revenues and state membership aid, Crawford AuSable ranked 532nd out of 559 school districts for the 1991-92 school year. Some of the districts ranked below Crawford AuSable are only Kindergarten through 8th grade school districts.

Because this millage is expiring, the June 8th ballot language must read that the 21.15 mills requested is an increase. The 21.15 mills requested is the same amount as the millage that is expiring.

Two school board terms will be decided Monday — a four-year term and a one-year term. Michael L. Bearss and Marilyn L. Rosi are seeking the four-year term. Lewis A. Madill and Michael D. Shearer are seeking the one-year term. Voters must choose only one candidate for each term.

Four candidates are seeking three Kirtland Community College Trustee positions. James L. Delahanty, Peggy S. Diss, Carole Duquette, and Sandra Dusseau Suchland are seeking the three Trustee positions that are six-year

terms.

Three C.O.O.R. Intermediate School District candidates are running unopposed, Robert G. DeWitt, Larry A. Roggow, and Charles L. Jackson.

The three polling places in the Crawford AuSable School District are the Grayling Middle School, Frederic Elementary, and Lovells Township Hall. Polls are open 7 a.m. to 8 p.m.

Four candidates seek two spots on local board of education

Two Crawford AuSable School Board of Education positions will be decided Monday, June 8, by voters.

Michael L. Bearss and Marilyn L. Rosi are both seeking a four-year term

on the board. Voters will choose only one candidate for this four-year term.

Lewis A. Madill and Michael D. Shearer are both seeking a one-year term on the board. Voters will choose only one candidate for this one-year term.

Below is background material on the four candidates:

MICHAEL L. BEARSS

Michael Bearss has been a resident of Crawford County four and a half years and is a registered radiologic technologist, a registered nuclear medicine technologist, and a board certified nuclear medicine technologist.

He opened and started the Nuclear Medicine Dept. at Olsego Memorial Hospital six and a half years ago. He is also President of the Viking Band Boosters and vice-president of the Grayling Housing Commission.

She is a Registered Nurse for District Health Department #1, past Presi-

dent and treasurer of the Viking Band Boosters, and a member of the Crawford AuSable School District Curriculum Committee since 1985.

"I am firmly committed to strong educational programs for all students of the Crawford AuSable School District," said Rosi. "I believe that a quality school system is the life blood of a community. I have the desire, dedication, and commitment to make a contribution to the students and residents of the Crawford AuSable School District."

LEWIS MADILL

Lewis Madill has been a resident of Crawford County 33 years, the third generation of his family to live here. He was graduated from Central Michigan University with honors earning a Bachelor of Science degree in Business Administration. He is also a graduate of Grayling High School.

•In Grayling, at the Holiday Inn on

I-75 Business Loop.

Grayling Generating Station On-Line

By Shirley D. Schmoock

On the evening of May 8, several weeks before the massive system was expected to be functional, the Grayling Generating Station began to generate electricity. Robert Wheeler, Project Manager for the station, said that the \$60 million undertaking by CMS Energy Corporation and primary subsidiary for Consumers Power and a multitude of subcontractors, was on-line ahead of schedule.

"We've been operating on and off," he stated, "but we've actually gotten the turbine up to 25 megawatts. One megawatt," he explains, "equals 1000 kilowatts of electricity. Waste wood is the life blood of this entire

project," he continued, "and most of it comes from within a 1/2 mile of here. Our suppliers have been terrifically cooperative."

When asked how the inter-tie between Grayling's new Wastewater Treatment facility was performing to help cool the Generating Station's massive power system, Wheeler acknowledged that the relationship could not be better between the two plants.

The formal dedication announcements and arrangements have yet to be made by CMS Energy management personnel, but the dates are expected to be released in the near future.

Frederic Township to halt trash collection locations

Frederic Township citizens plan on meeting with their township officials about the termination of trash pickup service.

Property owners say they were alerted to the action by the township when circulars were passed out at the collection locations in Frederic and on the Manistee River Road. The printed handbills said that service by the township-owned truck would cease on June 30.

Township residents say there was no other warning of the decision and they were not consulted about any alternate plan which would finance the program. The circular indicated that citizens should search for independent haulers to continue the

job.

Township Supervisor Harold Mertes said currently residents are charged \$5 a month to use the collection facilities. This fee was only paying about one-third of the total cost with the rest being paid from the township's general fund.

Mertes said the township can no longer afford to pay for the trash collection service through the general fund. The township would have to charge residents \$15 a month to continue the collection locations. Since private haulers said they could pick up trash door to door for \$14 or less, the township board decided to stop the collection locations. Mertes said the board has been working on this issue

since December and didn't stop collection immediately to allow time for input.

Some residents are saying that if the township trustees and supervisor do not come up with an alternate plan that it would seriously affect how they would vote in the elections this summer and fall.

A group of concerned citizens plan on attending the June 9 meeting of the township board to discuss the issue. They encourage all persons interested in the matter to sit in on the meeting and express their views.

The session will be held at the Frederic Township Hall beginning at 7:30 p.m.

Mercy Hospital announces new Chief Operating Officer

Mercy Hospital/Grayling announces the appointment of Stephanie J. Riemer-Matuzak as Chief Operating Officer, effective June 1. Riemer-Matuzak has most recently served as Vice President of Quality and Administrative Services of Mercy Health Services North.

"I am looking forward to working with the operations team at Mercy Hospital and accomplishing the many goals set forth in our strategic plan," Riemer said. "Our hospital provides a tremendous service to the community and we will continue to offer that

tradition of quality service."

Riemer earned a bachelor of science degree in business administration from Wayne State University in Detroit, and a master's degree in business administration from the University of Detroit. She has served in various roles at Mercy Health Services North over the past eight years. Her responsibilities have included risk management, physician recruitment, quality assurance, governance support, Joint Commission on Accreditation of Healthcare Organizations, medical records, community relations, and River House Shelter.

Historical Museum adds farm exhibit building

The latest addition to the Crawford County Historical Museum is the farm exhibit building on the back corner of the museum grounds. The building will feature mainly Crawford County farm antiques -- many items which have been standing outside or crowded into other spaces because of the lack of space.

Bob Ruddy, the curator, says he is glad he didn't have to do farm work in the 'good old days.' The building will be painted barn red, as soon as weather permits, as will the storage behind it. This will fill in all of the spare space that is available. There is no more room for expansion on the grounds.

The community and others who visit the museum that have Grayling connections have been most generous in contributing artifacts to the museum. Each year it is hoped to change some exhibits while other material will be stored for another time. Changing exhibits keeps up a constant interest in the museum both for repeat visitors and the staff.

These crafts can be displayed during College Week at Michigan State University.

The June 10th meeting will be a pot luck luncheon at the township pavilion. Mr. Spangler of the Crawford County Extension is the guest speaker. There will also be a plant exchange and election of officers.

Today I saw a puppy die. . .

Today I saw a puppy die. He was just a pup but someone must have loved him at one time.

This little fellow came in to the shelter as a stray or as I call them,

"Walk abouts." The day must have been nice and a short stroll turned into a nightmare for a four month old baby.

He waited nearly two weeks for his master to call the Animal Shelter of Crawford Co. but no one cared enough.

Little by little he mourned his life away. Just a brindle shepherd pup but those eyes will haunt me forever. As he died he thanked me with a wag of his tail for just staying with him until he left his cruel world.

I couldn't explain to him why no one bothered to call 348-4117 and rescue this little fellow. He died of a broken heart, I'll cry when I think of it.

County full of good people help with Corlew family's petitions for *Unsolved Mysteries*

At a time when this county is experiencing a range of emotion ranging from anger to indignation, I would like to interject a positive note.

This county should stand with its head held high. You have proven to me this is a county of good people. Your overwhelming consideration and support to the Corlew family has proven this. To lose a child or brother is a heartbreaking situation, but to have a family member missing is

beyond description.

We decided to try one more time to find our loved one, Perry Corlew. Help was instantaneous. Friends, neighbors, businesses, and churches began circulating the petitions we made up that will ask *Unsolved Mysteries* to air our case. Several news articles were written and the radio did a story on our search.

Because of this publicity, Grayling residents both past and present rolled

up their sleeves and joined in the work. We have received letters and petitions from as far away as Alaska, Missouri, Utah, and Florida. People read about our story through their hometown paper mailed to them. If petitions were unavailable in their areas they made up their own. Petitions with 8,752 signatures, all your letters, and the information about Perry was sent to *Unsolved Mysteries*. Outstanding petitions will also be sent.

We would like to thank you all for your love, prayers, and support through these last 18 years.

Journalism a dangerous trade

IT CAN BE DOWNRIGHT dangerous to follow the profession of journalism.

At least 66 journalists were killed or reported missing during 1991, according to a recent article in *Publishers' Auxiliary*, a publication of the National Newspaper Association.

Most of these tragedies happened in the trouble spots of the world, which — as usual — is racked with civil wars, internal conflicts, intense police actions, and other danger zones.

In addition, more than 1,260 reports of attacks on journalists and threats against their employers were counted during 1991.

The most physically dangerous spot was Yugoslavia, where 19 journalists were killed and two disappeared.

In Columbia, nine journalists were killed, while five deaths were reported in India.

In Iraq, two British television journalists covering the Kurdish rebels were shot to death by a Turkish guide; another is missing. A journalist working for *Newsweek* magazine also was killed by Iraq troops.

ACCORDING TO THE NNA article, journalists also were killed during 1991 in Brazil, Ethiopia, Guatemala, Haiti, Israel, Mexico, Pakistan, Paraguay, Peru, the

Philippines, the former Soviet Union, Thailand, and even the United States.

In addition, at least 1,264 cases were recorded of attacks on journalists, either physical or legal, including beatings, death threats, detentions, and legal actions.

In this country, except in unusual circumstances, pursuing journalism is a relatively safe occupation. Reporters often are faced with irate readers, angry news subjects, objecting public officials.

Reporters and editors have been threatened with bodily harm at times.

AT ONE SMALL Michigan newspaper of which I am aware, a young reporter who had been covering a court trial started receiving threatening phone calls, first at the office, then at home. His car was vandalized a couple of times.

The only reason he could imagine was that he had covered the trial fairly and completely as it happened.

These things happen. It is upsetting and troublesome, but it also is the exception.

Around the world, however, as the figures cited above indicate, safety can be quite another matter.

In a war zone, bullets and shells cannot differentiate between an enemy soldier and a non-combatant such as a journalist.

In one of the cases cited in the NNA

article, in Columbia a weekly news editor was being held hostage by a drug cartel and was killed by police bullets in a raid.

THE UNITED NATIONS, through its UNESCO branch, has declared an International Press Freedom Day. This is the explanation from one of its backers:

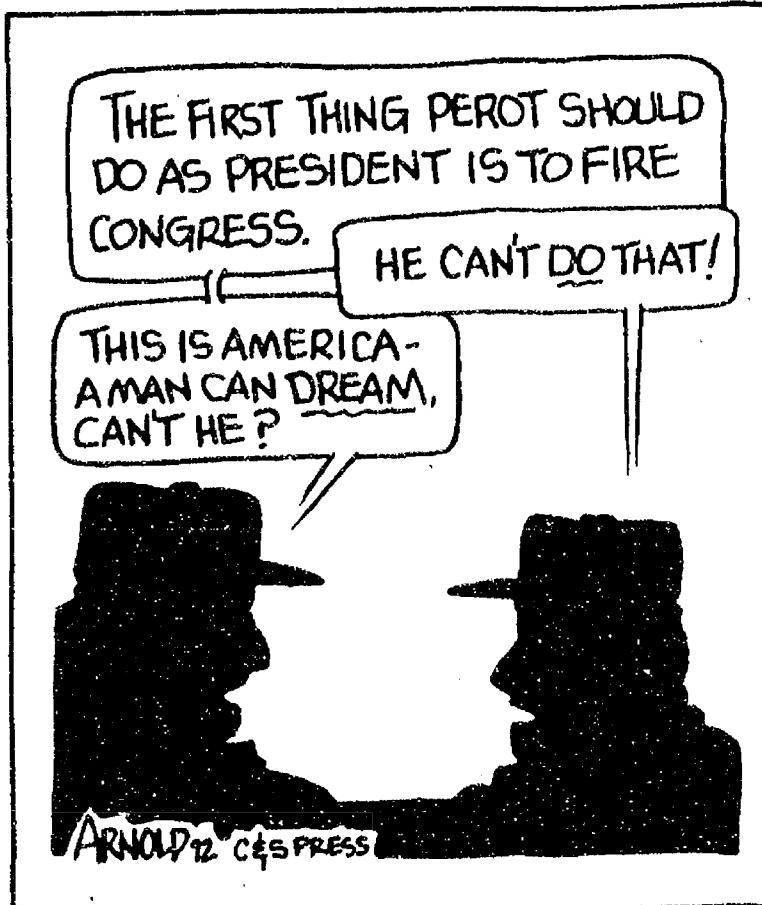

"It's a day to celebrate the role of the press in championing human rights and to pay respect to the sacrifices of journalists and publishers who have struggled — and in many countries are still struggling — to report truthfully all that is happening in their country."

So happy International Press Freedom Day, whenever it's observed.

Hats off to the news folks who risk their lives in the trouble spots of the globe so the world public can be informed of what's going on in their world.

And hats off, too, to the thousands of small town reporters around this country — such as the young man cited above — who undergo their own sort of risks and criticism and harassment for telling their hometown newspaper readers what's going on right there at home.

That's important, too.

Mr. Jack Alef, former President and CEO of Grayling State Bank . . . to Butch, at the Ice House, I remember you at the Soda Fountain at Dawson's . . . to Louie and his bride who moved back to God's country about the time I retired . . . and to everyone else who may have inquired following our retirement, if I had ever gotten into My den . . . read on . . .)

Miracles never cease. . . That is, if you have the patience of Job. . .

The topic of this essay goes back a number of years when we were editor and publisher of the Avalanche. . .

After our son left the nest in the 70s, his room became my den. . . (so to speak) . . . I had all kinds of plans. . . we figured when we retired, it would be ideal to have my typewriter, a desk, chair, small davenport, (just in case I had to take a nap) . . .

That number seems like a eons ago.

. . . in the interim our bride decided it would be a good room to store her junk, that was if she decided to have a yard sale . . .

As of now . . . we have two rooms up stairs, a small garage which was built for a lawn mower and other lawn equipment to use out doors. . . PLUS my den. . . filled with her treasure of junk. . .

If she sold it all. . . I doubt we could pay our car insurance. . .

Now, relate back, this started when we were working. . .

I retired on the 31st of October 1986. . .

This column is being written for the first time, in my den. . . so, if you find grammar, spelling, punctuations all fouled up. . . blame it on my typewriter which I haven't used since November, 1968. . .

Through diligent efforts on my part to get rid of the boxes and loose ends of most anything on my couch, chairs and desk. . . I couldn't find my typewriter. . .

This past Memorial Day weekend, I accomplished the climb of the mountain of JUNK. . . my typewriter was under one of the chairs. . .

As of now, I have a clear path from the door to my desk. . . our bride has but two boxes, and one box of JUNK, supposedly in the room-making her, left in the money. . . as I look over at the couch I can hardly wait for my first nap. . .

I promised our readers that when we retired, that I would let them know, if ever, I got into my den. . . with this column on a Saturday afternoon, May 30, 1992. . . our commitment is finally over. . . the Turkey is over done. . .

Our thanks to those, who after we retired have asked if we were going to put out any more of our trivial thoughts. . . that is on the back burner. . .

With that, our last goodnight to T. J., Stefany, and Amber. . . from the Orange Pop Kid. . .

Shawono Center youth bring home awards from state art exhibition

By Shirley D. Schmoock

The Michigan Association of Children's Alliances (MACA) sponsors an annual statewide art exhibition, and a sparky little lady by the name of Sherry Earls, Youth Aide and energetic director of art programs at the Shawono Center, decided the boys there could perhaps learn something from just such an experience.

The young men spent some quality time with Kirtland art instructor, Joe Donna, who introduced them to clay,

wire sculpture, and other forms of art media. Initially Earls, a former Crawford County Sheriff Reserve officer and graduate of the Criminal Justice School at Kirtland, wasn't given much encouragement with regard to the boys participating in the art exhibition. But Earls does not

dance to the tune of discouragement and she doesn't let her boys do it either. She had the groups of ten each proceed with not only the medal winning sculpture, but with poetry, clay figures, computer sketching, and

many other forms of graphic art. And, they created something else; a gold medal winning newspaper, as it turned out for them.

Besides the *Shawono Tribune* (Group I) and the "Innocence Lost" sculpture (Group III) winning gold medals, a poem entitled "No Man's Land" written by Jason (Group III) also won a gold. A silver medal was awarded to a clay sculpture entitled "Broken Dreams" created by Randy (Group II). The winners of the wire

hand sculpture promise themselves that next year will be even better for the center entries.

The *Shawono Tribune* was given life and a great boost by the Crawford County *Avalanche* and by the staff of Advanced Business Machines of Grayling. The paper features articles by Mike and by Roger; it has cartoons and artwork drawn by Jason, Tony, and Matt. The paper gives plenty of space for the cooking classes to brag about their bake sale which raised enough money to buy paint for the Animal Shelter, a special place the boys particularly enjoy. And Dan writes a moving poem about "Dads" which exhibits the pain of being abandoned and how it affects the human psyche:

*"Dads are special when they care
But they can't help when they're
never there
My dad always thinks of himself
And when he does, I feel like an elf
I wish the guy could give me some
help
But he never will because he thinks
of himself
One of these days he'll realize
That I'm his son and I have his
eyes."*

Finding inside yourself the capacity to dare to dream when you have so much going against you is not easy. It's continually brought up that the "mind is a terrible thing to waste," and when Earls took the art works to Lansing for the exhibit, she knew the Shawono Center youth had no real hope of winning. There were said to be over 800 entries and the center had never competed in the past.

When Earls began working with the boys on their projects, she wanted them to become involved with more than "glueing popsicle sticks together. Many of them have come from terrible backgrounds, but I knew they had a lot of potential if just given a chance. Good things happen to them when they are allowed to get involved, not only with these art projects, but with the community. They've Adopted a Highway (six-miles) and are anxiously discussing building bluebird houses and asking Mr. Barber to help them begin a trail on the center grounds."

"This town," says Chris, one Shawono Center youth, "has given us a look at the good side of life. We learn about the problems here and are able to help out where we can. We recycle and have planted thousands of trees for Arbor Day."

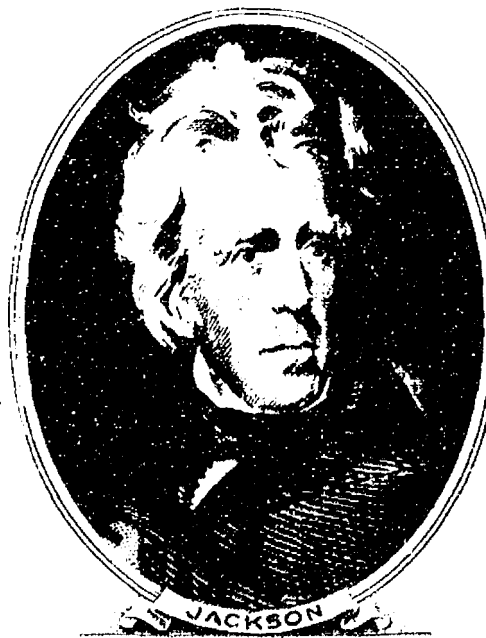

This "good side of life" also includes hosting Senior Breakfast Day every school semester (68 were served April 1st) and making wooden toys and other gifts for disadvantaged families at Christmas time. The center works with one 4-H Club on their dog sled races and with Special Olympic people. River House has been a beneficiary of their good works, as has the Meadows senior center. The boys also serve as work crews (which they truly enjoy) on the AuSable-Manistee River Restoration guided by the DNR.

Others benefiting by the youth at Shawono Center are the Red Cross Blood Drive, the Firemen's Memorial, and the Animal Shelter, which receives the proceeds from their spaghetti dinners.

Grayling High School

(This poem was written for David Glicker's Appreciating Literature class at GHS by sophomore Scott Millard.)

The Big Hunt

It was around 6:30;
 it had just started to get dark.
 The birds of the woods had started to take roost;
 the cool Fall night air had begun to blow
 as I sat up about 12 feet in my pine.
 Silence overcame me as the sun went down;
 then I heard the crack of a dead branch on the ground.
 I took a firm grip of Fred Bear in my hand
 my trusty Easton on rest
 ready to drop the first deer that chowed my apples.
 Around a quarter to 7 an estimated 175 pound 4 pt. comes,
 breathless I quietly draw back and anchor
 then the release.
 Fred's spirit had guided my arrow to its heart w/75 lbs. of thrust;
 the punctured buck dropped immediately.
 Thanks to Fred Bear the big hunt is a success.

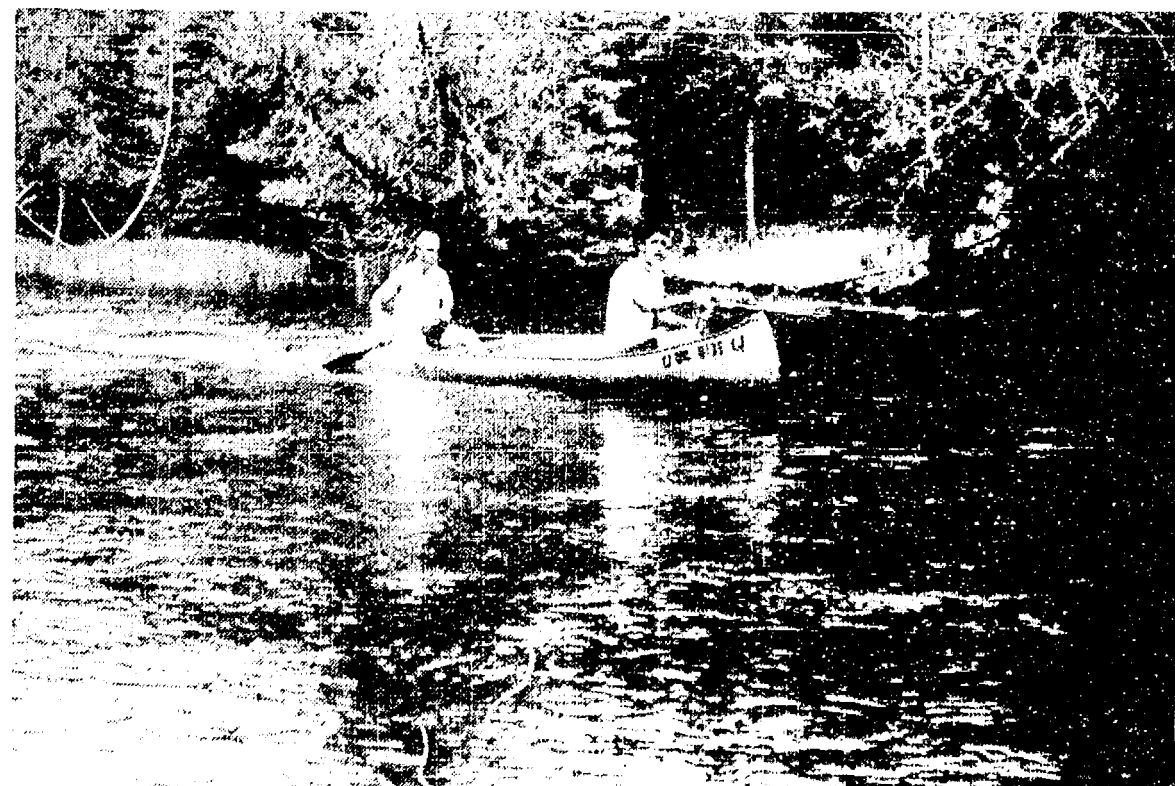

ART AWARD—Art instructor Kym Inabinet presents sophomore Ron Gammon with one of the art department's awards. Gammon was recognized with a Most Promising Art Student award.

Grayling sweeps Onaway 7-5 and 13-1, but loses to Oscoda in districts

The Grayling High School varsity baseball team won a doubleheader against division opponent Onaway in its final regular season appearance.

The Vikings won the first game, 7-5, behind the pitching of junior Scott Garner.

Grayling took a 1-0 lead in the second inning when junior Mitch

McMillan led off with a walk and scored on a single by Garner.

The Vikes added another run in the third. Senior Aaron Raymond led off with a single, then stole second base and scored on a single by junior Andy Lochner.

Onaway scored one run in the fourth to make the score 2-1.

Grayling added three in the sixth to make it 5-1. Lochner and McMillan started the inning with two walks. Junior Eric LaForest was safe on a fielder's choice. Garner walked with the bases loaded, then Raymond singled to score two runs.

Onaway scored two in the sixth and two in the seventh to tie up the game at

five runs apiece.

But Grayling won it, 7-5, in the eighth when junior Mike Kirmo hit a single to score junior Steve Branch and senior Mark Brannan drove in Kirmo.

SECOND WIN

Grayling was even more successful in the second game of the afternoon, defeating the Cardinals, 13-1, by the mercy rule in five innings.

LaForest took the win for the Vikings.

Leading hitters included Kirmo, two for four, three runs; Raymond, four for four (six for eight for the day); senior Eric Bonamie, two for four, two runs; and LaForest, two for three.

Lochner and junior Nathan Mead both had hits for the Vikings.

The team played really well, said Coach Fred Wolcott.

The victories put Grayling at 4-4 and in 3rd place in the Lake Huron Division of the Great Northern League. Rogers City is in 1st; Lincoln-Alcona, 2nd; Onaway, 4th; and Whittemore-Prescott, 5th.

DISTRICT GAME

The varsity squad dropped its game against Oscoda, 9-1, at the district tournament in Kalkaska on May 30.

"Their pitcher—a left-hander—pitched better than we hit," said Coach Wolcott.

The Owl pitcher struck out 11 Viking batters in the course of throwing a one-hitter.

Grayling's single run came off a double by LaForest, who then scored on two overthrows.

Garner took the loss for GHS.

"He pitched good," said Wolcott.

"They scored nine runs off him but only two were earned runs. We had a lot of errors on the routine plays. That was the difference. If we had made the routine plays, it would have been a closer game."

"That's not a pretty way to end the season," he concluded. "But we had a good year."

The Vikings finished the season with an 11-9 overall record.

Lady Vikings fall 12-7 in pre-district game

The Grayling High School varsity softball team fell to Houghton Lake, 12-7, in the pre-district game on May 21. Senior Andrea Austin took the loss for the Vikings.

"We never recovered the six-run first inning of the Bobcats," said Coach Rebecca Brown. "But we played even-up after that inning."

Offensive and defensive leaders for Grayling were junior Gina Lupp, two doubles, one single, two assists, two put-outs; junior Heidi Craigie, two singles, two walks, three put-outs, one assist; junior Sarah Micek, two singles,

one walk, one put-out, one assist; junior Elissa Cox, one double, four assists, one put-out; junior Sara Palmer, one single, three put-outs, two assists; and junior Laura Renon, one walk, eight put-outs.

Also, Austin had two singles, one put-out; junior Stacy Straw, one single; sophomore Mandee Micek, one put-out; and senior Michelle Parker, one assist.

GAMES AGAINST CARDINALS

The Vikings were downed, 13-5 and 13-8, by Whittemore-Prescott on May 19. Losing pitchers were Craigie and Austin.

For the Vikings, Palmer had three singles, one double, two walks, four assists; Lupp, three singles, two walks, one assist, two put-outs; Long, one triple, one single, two walks, one put-out; and Cox, one single, three walks, five assists; one put-out.

Also contributing on both offense and defense were M. Micek, one single, two walks, one assist; Craigie, five walks, four put-outs; Renon, two walks, seven put-outs; S. Micek, one single, six put-outs; junior Patty Puls, two walks, one put-out; Straw, two walks, one put-out; Austin and junior Heather Millikin, one walk, one assist apiece; junior Jody Pratt, two assists; Parker, one walk.

Cards of thanks

On May 21, 1992, I was privileged to receive six local scholarships at Honors Night: American Business Women Association, David Hawkins Memorial, Art Clough Scholarship Foundation Award, Lange Vending, Margaret Fyvie Fenton Memorial, and Carl W. Borchers Memorial (Grayling High School Alumni). Being the recipient of these scholarships is a great honor for me and my family.

Since I was very young, my mother has always viewed college as a "when", not "if". As in many single parent households, college expenses are a major worry. Having these scholarships will make my college plans more definite. I plan to attend Oakland University. I would like to thank those who made the scholarships I received possible and for making this time in my life very special.

Sincerely,
Nicole Lester

Travel Talk

Now that spring looks like it might be a certainty and the kids are back for the final stretch of the school year, many families begin to think about their annual summer vacation. And, true to form, a good many of those families will consider a visit to one of the major metropolitan areas such as New York or Chicago. However, another city which is all too often overlooked is Cincinnati, Ohio, and Covington, Kentucky. The Cincinnati-Covington area, with its blend of European and American charm offers a wealth of opportunities for visitors and at a better price and with less crowded conditions than the first two mentioned.

To begin with, all of downtown Cincinnati is linked with an overhead skywalk system connecting major hotels with shopping, restaurants, cinemas and banks. The MainStrasse in Covington, which is just across the Ohio River, offers a wide array of antique shops, world gift shops, craft shops, and all sorts of boutiques. The MainStrasse is not only a shopper's delight, it also boasts several very fine ethnic restaurants, complete with entertainment.

For the family looking for attractions of historical interest, there is the old Union Terminal which used to boast 216 trains a day and is now the home of the Cincinnati Historical Society including its new OMNIMAX Theater. Then there is the Golden Lamb which is Ohio's oldest inn now converted into a Shaker Museum. Sharon Woods Village is a reconstructed rural community. A must on most historian's list is the William Howard Taft National Historic Site. The Greater Cincinnati area has a large number of historic churches, many of which are on the National Register of Historic Places.

For the fun seeking family, there is Kings Island, Coney Island, and the

Americana amusement parks. Then there is the acclaimed Cincinnati Zoo which was named by *Newsweek* as the "sexiest zoo in the country" because of its successful wild animal breeding program. For the sports minded family, there is always room for a Cincinnati Reds baseball game or a Bengals football game.

In terms of the arts, Cincinnati indeed has a great deal to offer. The Cincinnati Ballet Company is one of the nation's top ten professional companies. The Cincinnati Symphony Orchestra is ranked in the top ten in the nation and the Cincinnati Chamber Orchestra is rapidly developing into a highly respected ensemble. The Cincinnati Opera is second in age only to the New York Metropolitan. It performs in the century old, acoustically superb Music Hall. The Cincinnati Art Museum boasts more than 70,000 square feet of galleries which contain works by Botticelli, Monet, Van Gogh, Picasso, and others. The Taft Museum is considered one of the finest small art museums in the world, and displays works by Whistler, Sargent, Corot, and Turner. One of its most popular pieces is Rembrandt's *Portrait of a Man Rising from His Chair*, completed in 1633.

Many tours are available in the Cincinnati-Covington area including horse drawn carriage tours, double-decker bus tours and the ever popular, riverboat cruises. Entertainment abounds throughout the area and many festivals are scheduled throughout the tourist season. For more information about the area contact the Greater Cincinnati Convention and Visitors Bureau or your local travel agent.

Your Social Security

By Charles Tinsley Social Security Representative

What to do if your Social Security check is late . . . or lost.

When someone's Social Security or SSI check doesn't arrive on time, I know about it pretty quickly. My phone usually starts ringing the same day with a call from the beneficiary who is wondering what to do.

The first thing I usually tell them is "Let's wait to make sure it's not just delayed in the mail." While the postal service routinely delivers benefit checks on time, there are times when mail is delayed. Our normal policy is to allow three days for late mail deliveries before we process a request for a replacement check.

The usual check delivery days are the first of the month for SSI checks and the third of the month for Social Security checks. Social Security can process a claim for a lost SSI check on the fourth of the month or for a lost Social Security check on the sixth of the month.

If the delivery date falls on a weekend or on a legal holiday, checks are delivered on the last banking day

before then. Claims for lost checks can be processed three postal delivery days later.

The most common reason checks are late is because changes of address aren't reported to us. If you move, be sure to put in a change of address form with the post office — in addition to informing Social Security of your new address.

Many people use direct deposit to have their benefit checks sent to a saving or checking account at a bank. They generally find that direct deposit is safer and more convenient than getting their checks by mail. If you want to start direct deposit, call Social Security's toll-free telephone number, 1-800-772-1213, any business day from 7 a.m. to 7 p.m. or a Social Security Representative will be at the Crawford County Building on the first and third Tuesday of every month from 10:30 a.m. to 2 p.m. Also you may call Traverse City, 1-616-946-8361.

Computer Club schedules program on sound boards

The Grayling Regional Computer Club will meet on Monday, June 8, at 7 p.m. at the Grayling Senior Citizen Center. Bud Morgan, a member of the club, will present a program on sound boards, another interesting facet of computers. All members are urged to attend and bring a guest. Anyone else who is interested in computers is welcome to join the group for the evening.

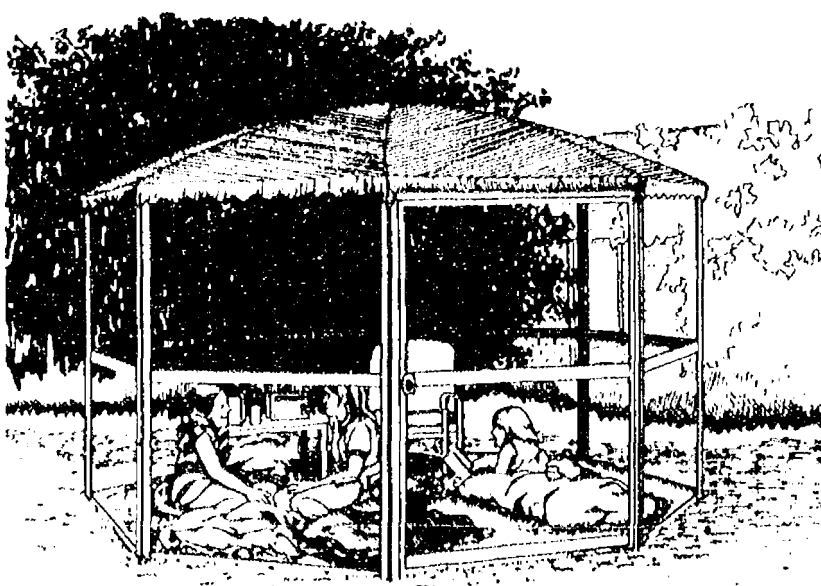

Technology is advancing so rapidly in the computer field that it is difficult

to keep up with all of the new improvements. The club is attempting to bring you some of these new ideas to keep abreast of the computer. Anyone having any presentations for the computer that they wish to present to the group are urged to get in contact with Steve Jackson, president, or Ken Wright at Industrial Controls.

The July meeting is scheduled for a tour of the computer labs at Kirtland Community College. Further details on that at this month's meeting.

Cellular One to construct a driveway on Roberts Road in Maple Forest Township.

At this time Shop Foreman Cliff Henderlong, Stock Clerk Jon McLeod, County Road Foreman Gary Leslie, State Road Foreman Jerry Pratt were called into the meeting to discuss the truck and hopper box bid specifications received last meeting. Foreman Leslie asked the Board if the budget would allow the purchase of one additional spreader box due to the fact he has a spreader/hopper that will not last thru the summer season and the Road Commission would be in critical shape for the 1992-1993 winter season.

After discussing the bids with Foreman Henderlong and Stock Clerk McLeod, the bid for the truck was awarded to Motor City Ford for the truck with the Cummins engine, and three hopper boxes were awarded to Miller Equipment. All discussed the remaining bid items of underbody scraper, plow hitch and complete set up of such. Scott Bachelor of Hyde Equipment joined the discussion on his bid and spoke of the advantages of his company, which included one day delivery service on parts if not delivered the same day, located only one hour away, and an 800 phone number, etc. McLeod and Henderlong were asked to verify the previous statements which they did. Chairman Parker

asked the other Board members if they could defer awarding the bid due to a time limit and until more information could be gathered between the two companies.

At this time the Public Hearing for a road name change was held. Candace Schreiber stated reasons of changes from Clarissa Lane to Calvin Drive. Chairman Parker asked Mrs. Schreiber if all residents on the road agreed with a change. She stated all were relatives and everyone was in favor. The request was granted.

The Road Commission approved the name change of Finch to Wayside on January 17, 1992, but to 9-1-1 it is still known as Finch. Mrs. Hatfield had asked for the name change in 1991 before Mr. Kocofas asked for Wayside in January of 1992. Barbara Green approached the Board to suggest that a policy be made on discrepancies that only the people on the road in question be contacted by certified mail regarding road name changes. Chairman Parker asked the residents to contact each other and see if a common solution can be reached. If unable the Board will assign a road name.

Verse or Worse

By Joe Murphy

The Rumor Mills

The rumor mills are working overtime
Turning out their grist of envy and hate
Stories began by the faceless and nameless
Some folks are happy to relate

Honest men accused of being crooks
Of violating the public trust
Because of rumors passing mouth to mouth
Good men's reputations are turned to dust

There is nothing more deadly than rumors
For there is nothing there to fight
Just those words and accusations that ruin you
While your accusers stay out of sight

They can't wait for the facts to be revealed
For they don't want facts to ruin their story
So they invent the facts to prove their case
And bask in their moment of glory

And when you pass on an unfounded rumor
As if it were a fact
You must be a fool to be dumb enough
To join in on the act

Let those who have the facts determine
Whether there was actually something wrong
Let a close examination of the facts
Place the blame where it may belong

A man is presumed to be innocent till proven guilty
Not the other way around
You don't want to be a part of the character
assassination
That is taking place in our town

Pet Care Tip

Have you started your dog on its heartwork disease preventive medication yet? An ounce of prevention is worth a pound of cure when it comes to this potentially fatal disease.

Regular medication should have been started in late May. If you haven't begun yet, take your pet to your veterinarian for a blood test first. Giving your dog the preventive medication when it has the disease can also be fatal.

Mr. and Mrs. Van Smith left last Wednesday to spend the week in Detroit and attend the Golden Jubilee. Lawrence Koerper of Detroit, is here to spend a week with his brother and wife, Mr. and Mrs. Leo Koerper.

The Donald Weaver family has moved into their new home on Michigan Avenue, the former Grant Shaw house.

Mrs. C. J. McNamara and son, Larry, are spending the week in Flint visiting her mother, Mrs. M. A. LeMieux.

Mr. and Mrs. Melvin Marshall are receiving congratulations on the birth of a daughter, Camelia Myrl, born May 29 at Mercy Hospital.

Marjorie Nelson had seven girl friends as her guests for the weekend at Danish Landing at Lake Margrethe. The Hans Peterson family spent Memorial Day at the home of their son, Donald, at Atlanta.

Earl and Bob Rasmussen accompanied their father, Einer

Rasmussen to Marlette and planned to attend the Jubilee Parade in Detroit on Saturday. Mr. Rasmussen was here to spend Decoration Day with his family.

Mr. and Mrs. Alvin Richter, of Plymouth, spent from Wednesday until Sunday with her daughter, Mrs. Louis Stillwagon and family. They, with Mr. and Mrs. Clare Melroy, enjoyed a picnic at the Pines on Decoration Day. Jackie Sue Hunter is visiting in Milford.

The largest class to graduate from Grayling High School in many years will finish their school work next week. It consists of ten girls and five boys as follows: Olga Nielson, Eleanore Schumann, John Phelps, Eunice Schrieber, Kristine Salling, Herman Hanson, Myrtle Winslow, Maxwell Yor, Emerson Brown, Sadie Vallad, Rose Cassidy, Archie Cripps, Helen Smith, Marguerite Montour, and Fern Humm.

Sunday morning at 2:30 o'clock fire was discovered in the back rooms of the Burrows Market. The alarm was sent in by Night Marshal Al Cripps and it didn't take long for the fire department to arrive upon the scene.

In a very few minutes the whole rear part of the structure was a mass of flames and looked like a hopeless job for the firemen. Mr. Burrows says that he had just put in a year's supply of wrapping papers and twines, all of which was destroyed. A large refrigerator packed with meats was charred and the contents practically destroyed. Very little of the contents of the market was saved. Mr. Burrows has estimated his loss at \$3,500, part of which was covered by insurance.

The fact that there was no wind and that the roofs of adjoining buildings were soaked with rain and the able work of the fire departments may be attributed to the saving of the whole block of buildings. Ours is a volunteer fire department, the members only receiving pay for the time actually spent in service. Following is a list of the officers and members: Tony Nelson, Chief; Oliver Cody, Asst. Chief; Company 1, John Horan, Capt.; Bert Mitchell, Ben Yoder, Alvin LaChappelle, George Miller, Harvey Wheeler, Joe McLeod, Jerry Sherman;

Globalism's Problems

Many government leaders appear locked into a bipartisan effort to promote globalism even at the cost of American jobs and welfare. The Overseas Private Investment Corporation (OPIC) is one such U.S. government agency using our tax dollars to promote foreign investment. Established by Congress in 1969, OPIC gives direct loans and loan guarantees to U.S. companies which choose to locate in some 118 countries. These investment projects are insured against political risks. They receive a wide range of services to enable them to succeed. They get tax breaks.

Last year, an OPIC type ad appealing to U.S. companies showed a lady working at her sewing machine. The message in the ad was clear: "Quality, Industriousness, and Reliability Is What El Salvador Offers You! Rosa Martinez produces apparel for U.S. markets on her sewing machine in El Salvador. You can hire her for 57-

cents an hour. Rosa is more than just colorful. She and her co-workers are known for their industriousness, reliability, and quick learning. They make El Salvador one of the best buys in the C.B.I. In addition, El Salvador has excellent road and sea transportation (including Central America's most modern airport) and there are no quotas."

This year the ad says Rosa will sew for 33-cents per hour. Her weekly income has dropped from \$22.80 to \$13.20 in one year. This is neither helping Rosa out of poverty, or helping the laid off textile worker she has replaced in America. It is using your tax dollars to build up international businesses and a globalistic economy.

Big business has been rocked with scandals including junk bonds, corporate raiders, and growing bankruptcy. Good companies have been gutted, robbed, and left either crippled or destroyed. Workers have lost their pensions, been forced to take big pay cuts, and are being replaced by younger workers. These sacrifices go to compensate for the "white collar

crimes" of international businessmen. These problems compound the S & L crisis which you and I are forced to bail out with our tax dollars. Worst of all, we are losing ground as the burden of a growing national debt is the heritage of our grandchildren. At the same time, Congress is taxing foreign investors at a far lower rate for the profits they are taking from America.

A call for economic fairness and justice is pleasing to God. It will benefit all our citizens. It will strengthen our nation. "Thou shalt not have in thine house divers measures, a great and a small. [But] thou shalt have a perfect and just weight, a perfect and just measure shalt thou have: that thy days may be lengthened in the land which the LORD thy God giveth thee." (DEU 25:14, 15).

FAITH AND ADVERSITY

"The steps of faith fall in the seeming void, and find the rock beneath."

A liquid pool of glistening gold floats in benign tranquility in the calm of a clear and sunlit day, developing an unexpected rush of strength only when forced to weather jagged rocks and harrowing heights while falling from the precipice which gives birth to the mighty power of the waterfall.

How like the nature of humankind, who may complacently exist from year to year, realizing strength only when resources are invigorated by adversity.

Faith and adversity, when coupled into the perfect pair, is one of the greatest tools which we may access in the building of the spirit of courage in our earthly experience.

In the words of Eccl. 7:14, "In the day of prosperity be joyful, but in the day of adversity consider."

Prepare for the challenge of adversity. Strengthen your faith as you worship God each Sabbath. Your faith will sustain you and give you peace.

Bits Of Talk

by Fay Bovee

Bruce and Corrine Smith spent some time in Lake Linden in the Upper Peninsula recently visiting her sisters and husbands, Dizzy and Melba DuPuis and George and Arlene Stevens. Bruce went fishing but when asked what he caught, he just shook his head. Congratulations are also in order for Bruce and Corrine as their Golden Wedding Anniversary was in April!

Evelyn and Ab Sager entertained their son Ralph of Clio, daughter Shirley and husband, Len Kraatz of

Saginaw at their main stream home over the Memorial Day weekend. They all attended the early Sunday service at Michelson Memorial United Methodist Church, ate lots of good food, and played bridge, enjoying the weekend in spite of the cold weather.

James Dye was elected president of the Recreation Fishing Club at the recent annual meeting but has resigned his membership. James G. Larson of Atlanta, Georgia, who was elected vice president will assume the duties of the office of president. Abner C. Sager of

Grayling, was elected as secretary/treasurer, an office he has held since 1946. James J. Alexander of Oscoda, was elected as finance chairman. Matthew A. Pollard of Manistee, and Richard G. Bolten of Clarkston, were elected to the house and grounds committee.

The Dye cabin on the Recreation Fishing Club property has been sold to David A. Hendrickson of Bay City and James G. Larson of Atlanta, Georgia.

Bartsch Family performing at Grayling Baptist Church

The multi-talented Michigan based Bartsch Family, Gospel Music musicians and recording artists, will be featured at the Grayling Baptist Church on Sunday, June 7, at 6 p.m.

The family has sung at the US Pentagon in Washington, D.C., and has made television appearances. They have a unique repertoire of Southern Gospel, children's, contemporary, and traditional Christian music. A piano, drums (on some songs), and the strings

of the guitar complement their smooth trios, duets, and solos which have beautiful blended harmonies.

Julie and Johnny, the brother and sister duo, gain popularity with their audience as they perform. Little brother is the family drummer while teenage daughter is a great songwriter with much sophistication already in her originals. Two of her new single releases, "Oh, Can't You See The Master" and "God Bless Our Soldier Boys" are receiving radio play.

SEASHELLS

The sound you hear in a seashell may not always be the sea. You could actually hear a number of nearby sounds, including the blood passing along the veins of your ear. It is the shell's shape that permits noises to echo while the air in the shell vibrates, so that you could hear the sea if you were near enough to the shoreline.

ABWA elects new officers

The May 19th meeting of ABWA held at Weatherly's Country House featured Darlene Jarvis, a new transfer member, as vocational speaker. She gave insight into her various positions in the automobile industry.

Pauline Petrosky and Carol Miller spoke on the convention seminars they had attended in Las Vegas. A progress report on the ABWA golf outing to be held June 18th at the Grayling Country Club with flyers for all to distribute was given by Pauline Petrosky. A special request for workers and participation in the games and for the luncheon was also made.

Kathy Prause gave plans for the Hot Dog Days at Kmart on the Friday and Saturday of Memorial weekend. Kathy Moss Hilbrecht reported to the scholarship committee decisions and names of the selected women. New officers suggested by the nominating committee were all approved and will take their offices in August. They are Pauline Petrosky, Margaret Chapel, Donna Masker, Mary Ann Bloomquist, and Kathy Prause. The new auditing committee of Grace Wegner and Rhonda Haas will audit the books before transferring to new officers in August.

New Twists Added to Prom 1992, "A Night On the Town"

By Jennifer Smith

The 1992 Grayling High School Prom, "A Night on the Town," held at the Grayling Holiday Inn on Saturday, May 16, received a make-over this year. A few changes were made in the usual format, with the addition of door prizes, a new photographer and the nomination of a Prom King and Queen.

This year, the Prom Committee, made up of juniors Gretchen Dice, Laura Hamilton, Susan Huss, Christa Northrop and Stacy Straw, came up with a new idea to add to the GHS Prom tradition—the election of a Prom King and Queen. In much the same manner as nominees are chosen for Homecoming King and Queen, the senior class chose six candidates they felt were "royal" material.

Candidates for King included Ken Bindschatel, Eric Bonamie and Curt LaMotte while Andrea Austin, Lori McClain and Kristin Welch were the Queen nominees. Voting was held on Prom night and everyone attending was invited to vote.

At the end of the evening, Eric Bonamie and Andrea Austin were crowned King and Queen. When asked what she thought of the new idea, Andrea said, "It's a good idea. It provides one more reason for the students to stay at the dance rather than leave for a party."

As King, Eric was presented with a silver top hat and Andrea, as Queen, was presented with a tiara. Eric said, "It didn't feel much different being nominated than attending the Prom." Eric added, "Being Prom King might have meant more if they had [given me] more than just a hat—such as a gift certificate."

The idea for door prizes also came from the Prom Committee. Many local businesses donated prizes and gift certificates to be presented throughout the night. Only GHS juniors and seniors were eligible to win, and they needed to be present to win. The main prize was a cherry-red Ford Escort to be raffled off at 1 a.m.

Junior Class Adviser Angela Anderson said, "The idea behind this was to keep the students at the Prom longer, so they wouldn't be as tempted to go out and party afterwards." She said that "most people were there by 10 or 10:30 and stayed until one."

Senior Amy Hamel was the lucky winner of the car, which was donated by Kalkaska Ford. Showtyme Collision painted the car and Denneo Graphics striped the car. Many local business people, including Harold Halfeld, Larry and Janet Raymond, John Huss, William Carey, Terrence Bloomquist, John Hunter, John Cherven and AJD Forest Products, all chipped in to pay for the first six months worth of tax, title, license and insurance for the winner of the car.

Other donations came from Victoriana, Glen's Market, Flowers by Josie, Mainstreet Florals, Buccilli's, Pizza Hut, Deb and Dales, Tan Lines,

A Cut Above, K's Korner, Jan's Closet, Maxi Muffler, Ben Franklin, Holiday Inn, Bob Greenwood, Atom Enterprise and Prestige.

Party Line handled the decorations, which were in the Senior Class colors, purple and black, with silver accents. Bob Greenwood was the DJ and Prestige was on hand to capture the magical moments of the Prom couples in front of a city scene in the Maple Room.

Approximately 130 people attended the event. Girls received complimentary votive cups, including a candle, printed with a city skyline and guys received complimentary black and white garters.

Chaperones for the night included David and Debbie Glicker, Vickie Green, Warren Hayes, Joe and Wanda LaForest, GHS Assistant Principal Ben Laser and his wife Wendy, GHS Principal Carl Naghtin and his wife Marilyn and Junior Class Advisers Angela Anderson and Tom Mills.

PROM KING AND QUEEN--Dressed in their newly acquired royal regalia of top hat and tiara, King Eric Bonamie and Queen Andrea Austin savor the moment. This was the first time a King and Queen have ever been chosen.
